Philadelphia, PA 19107-3390

Dear Mr. Schina:

On June 17 and 20, 2002, I conducted aerial detection surveys for gypsy moth-caused tree defoliation at five U.S. Army Corps of Engineers projects located within the Philadelphia District. I am pleased to report that no defoliation was detected at, or in the vicinity of , Beltzville Lake, Blue Marsh Lake, Jadwin Dam, Prompton Lake and Francis E. Walters Dam.

However, if you anticipate requesting financial or technical assistance for gypsy moth control in 2003, please contact Brad Onken or me by letter or telephone (304) 285-1541 before August 22, 2002.

Please contact me at the above number if you have any questions regarding this aerial survey letter.

Sincerely,

Rodney L. Whiteman
